SUMMARY

React Native Developer with 5+ years of experience building cross-platform mobile applications for iOS and Android.

Strong expertise in developing high-performance applications with real-time features, camera processing, and advanced mobile functionality. Specialized in building camera-based solutions using OpenCV and VisionCamera, including real-time image analysis.

Experienced in delivering production-ready apps, publishing to the App Store and Google Play, and developing custom native modules using Swift and Kotlin.

PROFESSIONAL EXPERIENCE

Elementica, *React Native Developer*

03/2025 – 03/2026 | Uzhgorod, Ukraine

- Develop and maintain cross-platform mobile applications using React Native and TypeScript
- Design scalable architecture using Redux Toolkit
- Integrate REST APIs and backend services
- Implement Firebase (Authentication, Analytics, Push Notifications)
- Publish and maintain applications in App Store and Google Play
- Improve application performance and resolve production issues

NetGame, *React Native Developer*

06/2024 – 01/2025 | remote

- Built and supported mobile applications using React Native
- Implemented real-time features using WebSockets
- Integrated Firebase services and backend APIs
- Delivered new features and improvements
- Managed releases via TestFlight and Google Play

Kultprosvet, *Full-Stack Developer*

03/2021 – 01/2023 | Dnepr, Ukraine

- Developed mobile and web applications using React and React Native
- Built backend services using Node.js (Express, NestJS)
- Integrated GraphQL APIs and Firebase
- Created admin panels and internal tools

Devsteam.mobi, *React Native Developer*

03/2020 – 2021 | remote

- Developed new features for mobile applications
- Refactored and improved existing codebases
- Debugged and resolved issues during QA testing
- Tested APIs using Postman

Absolutist, *JavaScript Developer*

09/2018 – 06/2019 | Dnepr, Ukraine

- Migrated browser games from ActionScript to JavaScript / TypeScript
- Improved performance and fixed bugs

EDUCATION

Oles Honchar Dnipro National University,
Master's Degree in Systems Analysis

09/2015 – 07/2021

SKILLS

React Native (Advanced), TypeScript, JavaScript	Mobile Architecture & Performance Optimization
Redux Toolkit, React Query, Zustand	Firebase (Auth, Analytics, Push Notifications, Deep Links)
REST APIs, GraphQL, WebSockets	VisionCamera, Camera Processing, OpenCV
Native Modules (Swift, Kotlin, JSI)	Node.js (Express, NestJS)
MongoDB, MySQL, SQLite	Git, Postman, Figma
App Store & Google Play Deployment	

LANGUAGES

Ukrainian (Native) | **English** (Intermediate) | **Russian** (Native)
